

## INNOVATION IS OUR PASSION

Securecell is the trusted partner for biopharma, enabling them to bring new therapies to patients in a safe, efficient, and economical way. We innovate ground-breaking measuring and control engineering technologies to radically improve bioprocessing, medical treatment, and patient health. For more than 25 years, we have been delivering innovative solutions in bioprocess control for biotech, pharma, and academia. This expertise and experience provided the foundation for the technology transfer into the MedTech space and the development of Seraccess, a truly disruptive diabetes therapy. Continuing steadily on our sustainable innovation path and growth journey, we are looking for a talented

## GRAPHIC DESIGNER (40% PART-TIME)

to aid in the creation of comprehensive high-tech visual assets for print, online, and branding.

As a Securecell Designer, you will provide graphic design expertise to help market our current technology offerings by utilizing a solid range of creative assets, including (but not limited to) brochures, flyers, presentations, trade show graphics, and social media posts/updates. Working under the direction of the Head of Marketing in collaboration with the Creative Head, this position contributes to the success and look & feel of important creative material to push Securecell's mission to create ingenious technologies that improve life on a global scale. We want to hear from you if you:

- Create high-quality graphic content for social media, newsletters, website articles, and printed content for product brochures, flyers, and distributed media, build inspiring layout Application Notes, Success Stories, and PowerPoint presentations
- Have a strong knowledge of symbols, icons for schemes and presentations on demand (based on our brand guidelines), and have a knack for branding, diagrams, and infographics
- Have expert knowledge in Illustrator, Photoshop, and InDesign, as well as working knowledge of Figma.
- Have a degree in graphic design / visual communication or comparable work experience with a minimum of two years' experience in-house or with an agency
- Have a technical mindset able to visualize and execute the breakdown of complex ideas, graphs and concepts into easily understandable and compelling visuals that are just as creative as they are technologically convincing
- Are a creative, efficient, entrepreneurial, and curious person with oral and written fluency in English and German
- Are a reliable, driven, and passionate design personality with proven interpersonal, verbal, and written communication skills, and organizational skills for frequent internal and stakeholder contact
- Knowledge of video editing (Adobe Premiere), web design, 3D design (C4D/Blender), and animation (Adobe After Effects) is a plus.
- A valid work permit is required; only direct applications will be evaluated (no agencies).

## OUR OFFER

Securecell offers a highly diverse international working environment and the opportunity to collaborate with highly skilled individuals from various disciplines. Partnership and interdisciplinary collaboration are at the core of our company, our research activities, and the commercialization of our marketed products. We nurture true innovation and creative thinking to advance our research projects as well as to continuously improve our marketed products. At Securecell, you will discover a challenging job, inspiring colleagues, and a true purpose. We are looking forward to hearing from you!
